

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

Diverse news sources are critical to the survival of a healthy democracy, and loosening the rules designed to promote and protect diversity of media ownership would greatly limit the availability of differing viewpoints on current events. This would greatly limit our ability to make informed choices.

Please consider carefully the repercussions of narrowing the flow of information to the American people.
